Aircraft compatibility applies only to the child restraints listed above and only in the orientation shown. Aircraft requirements and acceptance of child restraints may vary between airlines, aircraft types and seating configurations. Always contact your airline before travelling to confirm approval for your specific child restraint and flight.

Always follow the aircraft installation instructions provided in your child restraint instruction manual. Use of a child restraint on board is subject to the aircraft operator's procedures and the directions of airline staff.

Product specifications and airline requirements may change from time to time. Please refer to the latest product instruction manual and confirm requirements with your airline before travelling.

*Contact Britax Customer Service on 1300 303 330 for more information and where to buy.
