## Ingredients

Aloe vera leaf juice, glyceryl stearate citrate, grape seed oil, camellia oil, sunflower oil, cocoa butter, glycerine, shea butter, cetearyl alcohol, cetyl alcohol, glyceryl caprylate, xanthan gum, glyceryl undecylenate, p-anisic acid, vitamin E, citric acid.

## Creating unique creams

Our Natural Base Cream can be used with our liquid herbal extracts to make your unique formulations. Essential oils and other nutrients can also be added. We recommend that the therapeutic additions to your formulations make up between 10-20% of the product. Thoroughly combine components in an appropriately sized glass or stainless steel-vessel before transferring to your sterilised packaging.
