Welcome to Livadi

Heritage

It was a clear Aegean night in the picturesque village of Livadi where our founder, witnessed several couples declaring their eternal love to each other. Inspired by this experience in such an idyllic location we created a line of wedding bands to capture that very same eternal love that was on display that night. This design ethos is part of what makes Livadi so special.

Livadi was born out of a passion for precious metals, authenticity and the art of jewellery. We are about creativity and quality, without compromise.

All Livadi creations are completely hand finished. As miniature works of art, each Livadi piece is created by masters in their craft – jewellers who are proud to create objects of beauty and exclusivity to be enjoyed by their wearer and their descendants for many lifetimes.

Craftsmanship

In an era of mass production, Livadi stands resolutely defiant. All Livadi creations are completely hand finished. As miniature works of art, each Livadi piece is created by masters in their craft – jewellers who are proud to create objects of beauty and exclusivity to be enjoyed by their wearer and their descendants for many lifetimes.

Livadi rings are fashioned from a single piece of precious metal that means that they have no solder join. That's why Livadi rings are truly endless symbols of love.

Works of art in miniature – the design ethos that makes every Livadi piece special.

Ethical Sourcing

All Livadi products are crafted with an emphasis on sustainability and responsibility, made from certified and responsibly sourced materials.

All precious metals used in the production of Livadi creations are sourced from ABC Refinery, Australia's only independent refiner accredited by the London Bullion Market Association (LBMA), the Shanghai Gold Exchange (SGE) and COMEX. As a result of those accreditations, all precious metals used at Livadi are fully compliant with worldwide standards and conflict free. It's this commitment that makes a Livadi creation not only the best of its kind but also the most socially responsible.

All Livadi diamonds are also responsibly sourced, vetted not only for their superior quality but also for their adherence to the strictest in chain of custody obligations. All diamonds that adorn Livadi pieces are guaranteed to be conflict free.

Every Livadi creation is unique and the best of its kind. Each is designed to be treasured for a lifetime and comes with The Livadi Promise.

Livadi Lifetime Promise

Livadi is committed to producing quality jewellery without compromise. As part of that commitment, every Livadi creation is supported by a lifetime replacement guarantee against faults in materials and workmanship.
